This new feature allows active duty officers the option of a second regular membership increasing the permanent life coverage to a total of \$34,000 under our new DOUBLE COVERAGE program without further evidence of insurability, provided:

(a) the option is exercised within 30 days following the anniversary of membership nearest the member's 25th, 30th, 35th, or 40th birthday; or

(b) if under age 40, within a 90-day period, following the marriage of the member, the birth of a child to, or adoption of a child by the member.

If the new member plans to enter flight training, but is not engaged in flight activity at the time he becomes a member of the association, he will not be required to pay any additional aviation premiums on the basic regular membership, nor will he be required to pay the aviation premium on the subsequent second regular membership if acquired under the provisions of the Guaranteed Insurability Option.

The Guaranteed Insurability Option provisions apply only to the regular memberships and not to the Term Option Plans of coverage.

Write today for our new brochure giving complete details of Navy Mutual Aid Association, its benefits and insurance rates. Please include your name, rank, duty station address and date of birth, and whether or not you are engaged in flight training.

"We fight, get beat, rise, and fight again."

—General Nathanael Greene
South Carolina, 1781

For eight long months, General Nathanael Greene and his patchwork army of rugged militia and rawboned backwoodsmen fought battle after battle against a well-equipped, numerically superior British armed force. Time and again, the Americans were beaten back or withdrew. But they did, indeed, rise and fight again. It was precisely this kind of dogged determination that won America its freedom from the Crown in the Revolutionary War.

Always short of men, money and supplies, Greene couldn't afford to risk full-scale war against the might of the British. But he could use his tough, highly mobile forces to fragment the British fighting strength at various strong points and cut off their vital supply routes. And this he did.

Using startling hit-and-run guerrilla tactics against the rigidly formal brand of British warfare, Greene's strategy paid off. He won the war in the South. Each time the daring General and his men struck and pulled back, obstinately attacked and expeditiously evaded, they so crippled the Redcoats that the treaty of October 19, 1781, was inevitable.

Since the birth of our nation, America's military has met challenge after challenge with Herculean heroism. For 55 of those years, it has been our privilege to serve the officers who have served our country so well.

Today, nine out of ten active duty officers insure with USAA. If you're a Midshipman, Cadet, Regular, National Guard, Reserve or Retired officer (whether or not drawing retirement pay), you're eligible to join this elite group. Organized by officers for officers, USAA offers you outstanding savings and service on almost all the personal insurance you'll ever need. From your car to your home to your personal liability.
